

Which researchers are eligible for funding?

EURODIV is a Marie Curie Series of Conferences. This means that it is mainly targeted to researchers in the first years of their research career.

There are three categories of researchers eligible for funding.

Group 1 - Early-stage researchers. Researchers attending the event for training purposes, who have, at the time of their attendance no more than 4 years (full-time equivalent) research experience since obtaining the diploma which gives them direct access to doctoral studies in the country in which the diploma was obtained and who do not have a doctoral degree.

Group 2 – Mid-career researchers. Researchers attending the event for training purposes, who have, at the time of their attendance, a doctoral degree or 4-10 years of (full-time equivalent) research experience since obtaining the diploma which gives them direct access to doctoral studies in the country in which the diploma was obtained.

Group 3 – European Researchers active outside the Union. Researchers attending the event for training purposes, who have, at the time of their attendance, more than 10 years of (full-time equivalent) research experience since obtaining the diploma which gives them direct access to doctoral studies in the country in which the diploma was obtained, who are nationals of Member States or Associated Member States and who are active in research outside the Member States and Associated Member States at the time of the event.

Each Conference can support only a limited number of eligible researchers per Group.

For each eligible researcher, the grant covers:

1. Living expenses (up to a max of EUR 150.00 per day);
2. Travel expenses (up to a maximum amount established on the basis of travel distance).
